

Elements of Design: Line

Directions: In the four boxes below create a different type of line for each box. In the blank lines under the box come up with a name for the line that describes it.

--	--	--	--

--	--	--	--

Directions: In the section below find an example of a piece of art or design that uses the element of line effectively. In the lines below write a sentence or two that describes the type of line and how it is being used.
